

Mr Peter Royce

Director of Urology
Alfred Hospital

Urologic Surgeon
Cabrini Malvern
Cabrini Brighton

Peter Royce has trained in Robotic Assisted Radical Prostatectomy (RALRP) at the Global Robotics Institute, Florida Hospital USA.

RALRP is minimal invasive robotic assisted surgery for treatment of early stage prostate cancer.

Men with prostate cancer or who need assessment for risk of prostate cancer may benefit from a discussion of the treatment options, including Robotic Surgery, Brachytherapy and HIFU.
